BLOOD RENOVATOR,

Is precisely what its name indicates, for, while pleasant to the taste, it is revivifying, exhitarating and strengthening to the vilal powers. It also revivilies, relinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted to as to act in perfect accordance with the laws of nature, and hen congains, and allay all nervous and other irritation. It is also perfectly exhilirating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables and those thoroughly combining combining powerful tonic and soothing properties, and consequently can never liquire. Such a remedy has long been left to be a desideratum in the medical world, both by the thoroughly skilled in medical science, and also by all who have surfered from debility; for it needs no medical skill or knowledge every state, that debility follows all Is precisely what its name indicates, for, while pleasant by the thoroughly skilled in medical science, and also by all who have suffered from debility; for it needs no medical skill or knowledge even to see that debility follows all attacks of disease, and lays the unguarded system open to the attacks of many of the most dangerous to which poor humanity is constantly liable. Such, for example, as the following: Consumption, Bronchitis, Indigestion, Dyspepsia, Loss of appetite Fanntness, Nervous Irritability, Neuralgia, Palpita ion of the Heart, Melancholy, Hypocondria, Night Sweats, Languor, Giddiness, and all that class of cases, so fearfully fatal if unattended to in time, called Female weaknesses and Irregularities. Also, Liver Derangements or Torpidity, and Liver Complaints, Diseases of the Kidneys, Scalding or Incontinence of the Uriner, or any general derangement of the Urinary Organs, Pain in the Back, Side, and between the shoulders, predisposition to slight colds, Hacking and Continued Cough, Emactation, Difficulty of Breathing, and indeed we might enumerate many more still, but we have space only to say, it will not only cure the debility following Chilis and Fever, but prevent all attacks arising from Massmatic Influences, and cure the diseases at once if already attacked. And as it acts directly and persistently upon the billiary system, arousing the Liver to action, promoting, in fact, all the exceptions and secretions of the system, it will intallibly prevent any deligrous consequences following upon change of climate and water, bases all travelers should have a Montpelier, Oct. 1, 1860. vent any delterious consequences following upon change of climate and water; hence all travelers should have a bottle with them, and all should take a table-spoonful at least before cating. And all ladies not accustomed to much out-door exercise should always use it. I have used WFER's MAGIC COMPOUND in my family, and have never found any temedy so effectual in curing coughs and sore throat, and other diseases of the lungs.

JOSEPH POLAND.

From Hon. Timothy P. Redfield.

By using your WEEKS MAGIC COMPOUND a short time, I was entirely cured of one of the severest and most obstinate colds upon my lungs that I ever experienced. I know of no remedy equal to it for coughs and burg comparint generally. TIMOTHY P. REDFIELD. Montpelier, Oct. 13, 1860. took a severe cold which settled upon my lurgs, producing a cough that proved to be very obstinate, and respiration became very difficult. After making stremous efforts to throw it off, with no benefit, I precured a bottle of your Magic Compound, which I used three days according to directions. Its effect upon me was truly like magic. It produced a free expectoration, and in this time I was conpletely relieved from my cough, and I could breathe per ectly natural.
